

Lakeland Regional Medical Center Selects Securance Consulting for Internal Audit Co-Source Services

Tampa, FL – April, 2009 – Securance Consulting, a Professional Services firm delivering independent internal audit and technology risk consulting services, today announced that Lakeland Regional Medical Center (LRMC) has selected Securance as its Information Technology Internal Audit co-source partner.

Lakeland Regional Medical Center cares for residents' physical ailments. Lakeland Regional Medical Center serves the residents throughout Florida's Polk County (roughly between Kissimmee and Tampa). The acute care hospital has more than 850 beds. Among its specialty services are cardiac care, cancer treatment, senior care, emergency medicine, orthopedics, women's and children's health care, and surgery. Its LRMC Foundation offers financial support for indigent patients facing ongoing treatment. Its emergency department treats about 116,000 patients each year. For more information on Lakeland Regional Medical Center visit the Company's website at www.lrmc.com.

Information technology auditing has become a critical component in risk management. As technologies continue to advance they are becoming the underpinning of organizations and their business processes. Securance Consulting assists organization in managing the risk associated with technology in these areas: IT Policies & Procedures, General Computer Controls, Application Controls (i.e. ERP, CRM, SCM, MAN), Software Compliance, Data Center Controls, Network Security, Wireless Deployments, Business Continuity and Disaster Recovery.

About Securance Consulting

Securance Consulting is a professional services firm delivering independent, full-service IT and internal audit services, specializing in the niche market of technology risk consulting. The company, founded in 2002, is headquartered in Tampa, Florida and serves the Continental U.S.A.

Securance is staffed by audit consultants who have diverse backgrounds within the audit and information technology fields. They average 10-12 years of experience and hold certifications such as CPA, CIA, CISA, CISSP and BCP.

The company serves several major industries including automotive, communications, consumer products, defense, energy and utilities, entertainment and media, financial services, and government to name only a few.
