

PERFORMANCE SOFTWARE CORPORATION Selects Securance Consulting

Tampa, FL – December 2010 – Securance Consulting, a Professional Services firm delivering independent technology risk consulting and Information Technology (IT) security, auditing and compliance services, today announced that Performance Software Corporation (PSW) has selected Securance as its partner for select IT security services.

PSW is a Systems and Software Engineering Services Firm with a culture based on performance and long-term relationships. The company develops, implements, and tests customized software for industries including aerospace, defense, medical device, telephony, and banking. Founded in 1998, PSW has offices in Washington, Arizona, Michigan, and Florida. For more information on Performance Software Corporation, visit the company's website at www.psware.com.

Information technology security, auditing, and compliance has become a critical component in risk management. As technologies continue to advance it has become the underpinning of organizations and their business processes. Securance Consulting assists organizations in managing the risk associated with technology in these areas: IT Policies & Procedures, General Computer Controls, Application Controls (i.e. ERP, CRM, SCM, MAN), Software Compliance, Data Center Controls, Network Security, Wireless Deployments, Business Continuity and Disaster Recovery.

About Securance Consulting

Securance Consulting is a professional services firm delivering independent, full-service IT and internal audit services, specializing in the niche market of technology risk consulting. The company, founded in 2002, is headquartered in Tampa, Florida and serves the Continental U.S.A.

Securance is staffed by audit consultants who have diverse backgrounds within the audit and information technology fields. They average 10-15 years of experience and hold certifications such as CPA, CIA, CISA, CISSP and BCP.

The company serves several major industries including automotive, communications, consumer products, defense, energy and utilities, entertainment and media, financial services, government, and healthcare to name only a few.
