

Capital City Services Company Selects Securance Consulting for Regulatory Compliance Efforts

Tampa, FL – January 2010 – Securance Consulting, a Professional Services firm delivering independent technology risk consulting and IT auditing services, today announced that Capital City Services Company has once again selected Securance to assist with GLBA Risk Assessment procedures.

Capital City Services Company operates as the holding company for Capital City Bank that offers commercial and retail banking services in Florida, Georgia, and Alabama. It primarily engages in generating deposits and originating loans. Capital City is unique, because they focus on communities where banks can make a difference — and where bankers make a difference. The company's annual revenue is in excess of \$210 million. For more information on Capital City Services Company (NYSE:CCBG), visit the Company's website at www.ccbg.com.

Information technology auditing has become a critical component in risk management. As technologies continue to advance they are becoming the underpinning of organizations and their business processes. Securance Consulting assists organization in managing the risk associated with technology in these areas: IT Policies & Procedures, General Computer Controls, Application Controls (i.e. ERP, CRM, SCM, MAN), Software Compliance, Data Center Controls, Network Security, Wireless Deployments, Business Continuity and Disaster Recovery.

About Securance Consulting

Securance Consulting is a professional services firm delivering independent, full-service IT and internal audit services, specializing in the niche market of technology risk consulting. The company, founded in 2002, is headquartered in Tampa, Florida and serves the Continental U.S.A.

Securance is staffed by audit consultants who have diverse backgrounds within the audit and information technology fields. They average 10-12 years of experience and hold certifications such as CPA, CIA, CISA, CISSP and BCP.

The company serves several major industries including automotive, communications, consumer products, defense, energy and utilities, entertainment and media, financial services, government, and healthcare to name only a few.
