

Origin Digital Selects Securance Consulting for IT Process Improvement

Tampa, FL – October, 2007 – Securance Consulting, a Professional Services firm delivering independent technology risk and process improvement consulting services, today announced that Origin Digital has selected Securance to assist with their Development Life Cycle management strategy.

Origin Digital is a global video applications service provider that applies the rigors of broadcast to the management, distribution and delivery of all forms of digital content. Through global points of presence and strategic partners, Origin Digital provides hosted applications, tools and services to simplify the capture, conversion, and control of digital media. For more information on Origin Digital, visit the Company's websites at www.origindigital.com.

About Securance Consulting

Securance Consulting is a professional services firm delivering independent, full-service IT and internal audit services, specializing in the niche market of technology risk and process improvement consulting. The company, founded in 2002, is headquartered in Tampa, Florida and serves the Continental U.S.A.

Securance is staffed by audit consultants who have diverse backgrounds within the audit and information technology fields. They average 10-12 years of experience and hold certifications such as CPA, CIA, CISA, CISSP and BCP.

The company serves several major industries including automotive, communications, consumer products, defense, energy and utilities, entertainment and media, financial services, and government to name only a few.

For more information on Securance Consulting's technology risk management services and software solutions, please call 877-578-0215 or visit www.securanceconsulting.com.
