

KANSAS CITY POWER & LIGHT Selects Securance Consulting

Tampa, FL – October 2009 – Securance Consulting, a Professional Services firm delivering independent technology risk consulting and Information Technology (IT) auditing services, today announced that Kansas City Power & Light (KCP&L) has selected Securance for select IT audit initiatives.

KCP&L has evolved into a full-service energy provider and resource. The company was founded in 1882 and has become one of the Midwest's most affordable energy suppliers because of leadership in fuel procurement, plant technology and efficient power production and distribution. KCP&L services more than 800,000 customers in 47 northwestern Missouri and eastern Kansas counties. KCP&L's parent company, Great Plains Energy, Inc. has annual revenues of more than \$1.6 billion. For more information on KCP&L and Great Plains Energy, Inc. (NYSE: GXP), visit the company's website at www.kcpl.com.

Information technology auditing has become a critical component in risk management. As technologies continue to advance they are becoming the underpinning of organizations and their business processes. Securance Consulting assists organization in managing the risk associated with technology in these areas: IT Policies & Procedures, General Computer Controls, Application Controls (i.e. ERP, CRM, SCM, MAN), Software Compliance, Data Center Controls, Network Security, Wireless Deployments, Business Continuity and Disaster Recovery.

About Securance Consulting

Securance Consulting is a professional services firm delivering independent, full-service IT and internal audit services, specializing in the niche market of technology risk consulting. The company, founded in 2002, is headquartered in Tampa, Florida and serves the Continental U.S.A.

Securance is staffed by audit consultants who have diverse backgrounds within the audit and information technology fields. They average 10-12 years of experience and hold certifications such as CPA, CIA, CISA, CISSP and BCP.

The company serves several major industries including automotive, communications, consumer products, defense, energy and utilities, entertainment and media, financial services, and government to name only a few.
