# CSaaS

Cybersecurity as a Service

Developed based on 22 years of performing value-driven assessments, Securance Consulting's customizable CSaaS package includes the annual assessments most crucial to identifying security threats.

Standard Package

Firewall configuration analysis

Administrative user review

Social engineering (email phishing)

Enterprise application review

External network vulnerability assessment

Options for Customization

2-to-1 swap*

▶ Wireless network security assessment
▶ Disaster recovery plan review
▶ Internal network vulnerability assessment
▶ Database security review
▶ Enterprise application security assessment
▶ Tabletop Exercise

1-to-1 swap

▶ Incident Response Plan Review
▶ Router configuration review
▶ Switch configuration review
▶ Web application security assessment *(limited to 1 URL)*

*Each of these options replaces two of the services in the standard package.

This bundle is available for a flat fee of **$19,999 per year** with a commitment of three years.

Benefits of CSaaS

▶ Long-term cost savings
▶ Access to cybersecurity experts

▶ Protection for your business
▶ Reduced cyber liability insurance premiums

Our experts have decades of experience helping organizations strengthen their security postures in meaningful, lasting, and cost-beneficial ways. **Contact us** today for a free consultation.
