ABOUT SECURANCE

Securance LLC delivers independent, reliable assessments of IT security, risk, compliance, and operational efficiency. We assist agencies to adopt proactive security strategies to improve their security postures and risk and compliance profiles to thwart the steady onslaught of advanced cyber threats. A small disadvantage business with an SBA 8(a) certification, Securance is small enough to meet your agency's small business goals but large enough to provide seasoned staff with the right skills and certifications to meet your security and compliance needs.

KEY DIFFERENTIATORS

- ▶ **Our Experience**— 21+ years serving government agencies, delivering IT risk and cybersecurity services to help agencies safeguard their critical information and systems
- ▶ **Our Team**— Functional and technical IT consulting staff, each with more than 15 years of public sector experience and professional certifications, including CISSP, CISM, CISA, CEH, CPA, PMP
- ▶ **Our Approach**— Proven methodologies aligned with federal regulations and industry best practices honed over two decades of performance
- ▶ **Our Commitment**— Partnering with agencies to understand their objectives, business goals, budgets, and constraints to ensure success, surpass expectations, and maintaining those relationships year-after-year
